

Personal Statement (Essay)

Applicant Name (Family, First, Middle) _____

Describe your personal statement in English within 800 to 1,200 words.

Part 1: Passion and Motivation

We are looking for outstanding candidates. Tell us about your passions and life experiences that have guided your decision to apply for the Bachelor's Program in Interdisciplinary Engineering.

Part 2: Problem-solving skills when approaching challenges

Consider a time when you faced obstacles or encountered challenges in your life. How did you successfully navigate and overcome these difficulties? Moreover, please elucidate any insights or valuable lessons you gained from these particular experiences.

Part 3: Non-academic experiences

What differentiates you as an outstanding candidate?

State in terms of your active participation in any internships, in clubs, or involvement in any kind of volunteer social activities.

Part-4: Future vision

How would obtaining a degree from University of Tsukuba contribute to the realization of your future aspirations? Are you planning on pursuing graduate studies or entering the professional arena? Do you intend to stay in Japan or explore opportunities overseas?
